0.00
DNA virome (n = 420)
Total metagenome (n = 129)
Metatranscriptome (n = 527)
Proportion of ssRNA vOTUs
Metatranscriptome (n = 16,541)
Viral cluster identity:
In a viral cluster with phage isolates
Outlier to viral cluster with phage isolates
In a viral cluster without phage isolates
Outlier to viral cluster without phage isolates
Singleton
